Delaware purchase rights correction

Read this first

The September 2026 package combined conflicting annual-license and one-time-edition descriptions. This controlled same-edition correction reconciles the workbook, readable PDF and purchase guide. It does not change the source cutoff, research findings or record counts.

Earlier buyer rights are preserved

Existing buyers retain all annual access and reviewed-edition update rights already promised or granted for their original paid term, without a fixed update cadence. This correction does not cancel or reduce those rights, restart a term, or create a new subscription or renewal charge. The originally purchased state and named-user scope remains unchanged. New one-time purchases include this dated edition only, with no promised future editions.

This corrected edition

The corrected dated edition includes the original Delaware Market Brief V1.2, the corrected Intelligence workbook, its readable Complete Intel PDF and this rights notice. The October 13 correction is included for entitled buyers of this same edition without an additional edition purchase. Historical release-gate notes describe their original review date and do not recertify current operations.

License and existing rights

Your original order and accepted license terms govern use. A standard one-time purchase covers one named user; an expressly purchased multi-user license controls its named-user allowance. Licensed users may use the edition for internal research and limited attributed derived findings. Full files, workbooks and datasets may not be redistributed beyond licensed users, resold, sublicensed or publicly republished without permission. This summary does not replace the accepted terms or reduce existing rights. See psairgroup.com/terms#licenses.

Corrections and help

For a suspected source or copy error, include the state, tier, edition and relevant record or source ID. For access help, include your order reference. Contact support@psairgroup.com. Do not send card details. Public correction notes: psairgroup.com/edition-corrections.
